Property Description

Exceptionally renovated chalets close to Chamonix centre, on the south-facing slopes of the Valley, thus enjoying plenty of sunshine even during the winter months.

The main chalet is on 3 levels with separate entrances on the ground and first floor level. The ground floor is a stylish 2 bedroom apartment with sauna. The main chalet is found on the first and second levels with open-plan living area, balcony and 4 bedrooms.

The annex is located next door and currently used for entertaining with a beautiful double-height living area with mezzanine and adjoining bedroom. Downstairs there is a separate apartment with one bedroom.

These stylish chalets offer very versatile living accommodation in the sought-after area of Les Pecles. The property would be ideal for a family who enjoy entertaining with the possibility of earning rental income from the separate apartments.

Of course Chamonix is world famous and naturally has everything for your needs, plus excellent transport links.
