Property Description

This cosy yet elegant bistro style restaurant in Les Houches measures 100m² over 2 floors. It has a large terrasse and a private garden. It is sold with a licence IV. Our opinion Great opportunity to buy a well looked after restaurant with a loyal clientele.

Ski slopes are the most accessible from here, but being close to the river and mountains means there are summer activities here as well as tennis and golf. Shopping is close and there are marvellous tourist towns and sites provide a great setting amongst the majestic Alpes.
