Property Description

Snug in a quiet rural location in the heart of the Normandy countryside, this detached three bedroom farmhouse is in very good condition. It includes an attached garage, a cellar, a pretty garden and two fields which could be used for a smallholding. Additionally, this beautiful property could be split into a main house and annex if desired.

This south facing property offers three bedrooms, a modern fitted kitchen, two living rooms and two bathrooms. There is also the bonus of three loft rooms on the first floor which could be used for extra accommodation. The large grounds consist of a pretty garden, plenty of parking space surrounding the house, a detached stone building and two fields.

You approach the property via its own gated driveway leading to the parking area to the side and front of the house. To the left of the driveway is the first field leading to a small raised section of garden with a greenhouse and vegetable plot. The second field is just across the lane facing the property. The property has oil central heating and part wooden single glazed and part double glazed windows with wooden external shutters.

In sum, this is a gorgeous property in Normandy which offers lots of space and potential.
