Property Description

NEW TO THE MARKET A terrain of 2,037m² located 500m from the Prarion lift in Les Houches. The land is one of 4 plots and benefits from year-round sunshine and fantastic views of the entire Mont Blanc range.

The land is on a slope and will require considerable groundworks but services are already existing and it is possible to build a chalet of up to 385m².

Our opinion: With year round sunshine and the slopes within 500m this land is very well positioned. The land is on a slope and as such will require extensive groundworks but services are already in place and it is possible to build a chalet with a total floor area of up to 385m².

Agency fees are included in the price and payable by the vendor.
