## Property Description

This stunning detached house and gîte have been carefully and sympathetically restored to a very high standard. Great home and income potential. 3 separate detached barns 2 of which are suitable for conversion. Beautiful views.

The property benefits from double glazing throughout and oil fired central heating. There are a wealth of original features including a granite fireplace, exposed stone walls and beams. The property is surrounded by its own land which is suitable for horses. Two of the 3 detached barns have previously had planning consent for conversion into additional houses and works on two of them have been started. The situation is stunning and there is just one neighbour further along the lane. Viewing is highly recommended.

It is situated in the southwest of Normandy, near the borders of Manche and Calvados, a few kilometers from Sourdeval, the nearest town. Only a few minutes drive away, the town offers every amenity including two banks and supermarkets. Market day is held every Tuesday morning, as is the livestock market. The beaches on the west coast are an hour's drive away and Sourdeval is approximately 80 minutes drive from the port of Caen and an hour and forty minutes from Cherbourg. A little further afield are the D-Day landing beaches and the Mont St Michel. The Lac de la Dathée, ideal for walking, fishing and boating, and an 18 hole golf course are within 15 minutes drive, as is the Saint Sever forest.

Bathroom : 2m<sup>2</sup> - Velux window to the front elevation. Sloping ceiling. Tiled floor. Bath with mixer/shower tap. Toilet. Pedestal handbasin. Heated towel rail.

## OUTSIDE :

The property is approached via a driveway with 2 entrances. In total the gardens and fields extend to just under 4 acres. There is a lawned garden with shrubs to the front of the house. The driveway sweeps in front of the main house and to the gîte and detached double garage which is built of stone under a slate roof and has concrete floor, power and light and 2 up and over doors. Pedestrian door. Windows. Joists have been put in to enable a first floor office or storage area.

Attached to the gîte is the boiler room with oil storage tank.

A separate access leads to a field in which the three further buildings are situated in an elevated position and would make a fantastic project for those wishing to run gîtes. All 3 are of stone construction.

## SERVICES :

Mains water, telephone and electricity are connected. Drainage to an all water septic tank.
