The Magic of the Côte d'Azur continues to draw people here: the light and climate that has inspired many artists, writers and film makers here. This old town has an amazing history with its old walls and churches and proudly looks out to the glorious blue Mediterranean. So close to shops, cafés, restaurants and supermarkets. Lots of daily markets here and in the towns and villages along the coast and into the hills. Do not forget the lesser known wine region here, but also enjoy the country walks across the famous hills.
