Property Description

Recently renovated village house currently used as a successful Air bnb property, with a second property next door to renovate, with parking and a garden a few steps away. The house can be accessed via the living room or the kitchen making it possible to have a separate entrance for guests.. Double glazed throughout with electric radiators and a wood burning insert for heating, the new fully fitted and equipped kitchen has ample space for a dining area. The cupboard under the stairs has been converted into a downstairs WC with hand wash basin. The living room is light and airy with double windows and a small entrance leads to the staircase and 3 double bedrooms, one with a shower and WC en suite. The delightful garden has a shed for tools and a well for watering the vegetable plot. The house to renovate next door is one large living area with feature fireplace an oak staircase leads to a huge bedroom and bathroom which needs to be completely replaced. The loft area with planning permission could make further bedrooms.
