Partly renovated old water mill with accommodation over several floors

# €500,000

Ref: BVI29306

## Property Description

Large water mill with views on the edge of a historic town. The current accommodation is on 3 floors and has been set up as 3 large apartments divided into with several rooms. There is also a large basement and an attic with a low ceiling for storage. Parts of the original machinery still work and a bridge connects you to a small island in the middle of the river. Internally the accommodation needs to be completed and could provide a substantial income.
