Property Description

This large stone built house is located in the heart of the historic centre built on the city walls. The buildings consist of a mansion house, 2 barns and garages with a separate rear access through wrought iron double gates. The property requires renovating but offers a great deal of character with potential to create a large family home or a luxury chambre d'hote. There are many rooms on 3 levels providing approximately 800 m2 of living space.

Terrain 1900 m2
