Property Description

This beautiful 5 bedroom manor house lies at the end of a 150m tree-lined driveway in the middle of its established grounds.

Built in the 1980s, it has all of the wow factor and charm of an original chartreuse without any of the problems that normally come with an old house!

Good sized bright, spacious living room and dining room, fitted kitchen, study, 2 bedrooms and a bathroom downstairs, and an enormous open space upstairs with 3 further bedrooms, bathroom and study.

Outside the large heated swimming pool sits next to a beautiful covered terrace, surrounded by delightful mature gardens.
