## Property Description

A room with the BEST view!

This property made up of two separate houses that are inter-connected by a central French courtyard-style garden. The first 4 bedroom property offers a bird's eye view of the Cité of Carcassonne from its living area and 1st floor outdoor terrace - ideal for people watching and marvelling at the changing colours as the sun rises and sets over the medieval UNESCO World Heritage site of Carcassonne Cité. The other 6 bedroom property is tucked behind the first with a picturesque terraced inner garden hidden from view - an oasis of calm right in the middle of the city. The property has been renovated to a very high standard to provide superior guest rooms but could easily be gite accommodation or an impressive space for friends and family.
