Property Description

This is a rare opportunity. Superb panoramic views. Perfect for two families - or one large one! Alternatively a house and a gite. Two modern properties in just over 1.2 acres, both in truly excellent condition. Ample storage space throughout. Each house has 3 bedrooms and a separate entrance. There is no internal link between the properties, but this could easily be achieved if required. There is a large swimming pool, pond, summer kitchen, double car port and much more. All services 5-10 minutes drive - and that includes superb golf clubs !
