Property Description

Such a highly desirable Manor House in a hectare of mature park is very difficult to find, let alone one in absolutely amazing condition. This five bedroomed luxury home comes with a very comprehensive specification and has been lovingly upgraded by the vendors, with the highest quality components and materials.

The list of features includes a 13m x 6m heated swimming pool, a full-size floodlit tennis court, an off-grid water supply and treatment system, and a new aerothermic heating, a gym, a substantial tree house, games room, petanque court. Two salons, formal dining room, spacious contemporary kitchen, eight bath/shower rooms, and so much more.

The photographs alone cannot convey the excellence of this property, situated in a very desirable and private location within five kilometres of the Etang de Thau and with very easy access to the wonderful Mediterranean coastal resort towns of the Herault, Marseillan, Meze, Bouzigues, Sete and Agde.
