Property Description

Located in the countryside 15 mins north-west of Lourdes is this superb 210m², 5-bedroom, architect-designed home with indoor pool, three outside terraces and beautiful views of the mountains and surrounding countryside from its 1.6 hectares of grounds.

This home carries authentic charm from its origins as a farmhouse with stone walls and visible beams. An architect designed the additions to this property adding extra openings, bedrooms, indoor pool and outside terraces with easy access between the various spaces and maximum natural light in the design. The kitchen, pool and living room each have patio doors leading to a south-facing terrace with views.

The entrance hall of the main house has stone walls and visible beams and a glimpse of the indoor pool. To the left is access to the kitchen via a small larder. To the right is access to a toilet and changing room and a few steps down to the indoor pool area with patio doors running its south-facing facade, as well as an outside poolside terrace and views of the mountains and surrounding countryside.

Continuing on from the changing room is a laundry/cloak room and the heating boiler/storage room which is housed in the old barn at the entrance to the property.

Back to the entrance hall and a few steps lead down to a patio door and access to the poolside terrace. The living area has patio doors to its terrace as well as a cosy corner with wood burner leading back around to the kitchen.

A few steps spill down into an unusual indoor garden with views outside to the mountains as you step down to three bedrooms and a bathroom and toilet. Each bedroom has a door to the garden. The largest bedroom has a private shower and toilet.

Back to the main entrance again and a wooden staircase leads up to a landing which overlooks the pool. The original stone walls accompany you again up to two charming bedrooms, the larger being over 30m², each with breathtaking views, and a washroom and toilet.

Heating is supplied by a heat pump system with underfloor heating on the ground floor. There are solar panels also in place. The property is served by an individual sewage system. The roof is covered in slate.

There is a 360 virtual visit of the property on request.

You will be 10 mins from the market town of Nay, Lourdes for TGV 15 mins, Tarbes and Pau airports equidistant 30 mins, Toulouse 2h, Biarritz and the Atlantic coast just 1h30, nearest skiing is around 1h drive.
