Property Description

This attractive stone farmhouse, with character features throughout, has been renovated over the last 10 or so years to provide a spacious property comprising 2 large bedrooms (one with its own outside terrace from where to absorb the morning sun), a first floor bathroom, and on the ground floor a living room, kitchen / dining area, a WC, and utility room.

The house sits in a nice manageable plot with the kitchen and living room opening onto the west facing terrace and well maintained garden with its lawn, borders and vegetable plot.

A lovely very homely property with spacious rooms (kitchen, living space and two bedrooms all around or over 20m²). The garden is not overlooked by neighbours, and in a friendly hamlet between Najac (12) and Parisot (82).

The large town of Villefranche de Rouergue is about 20 minutes away with its extensive range of major retailers, and a superb market on Thursdays.

For those looking to expand the habitable space there is a barn of 20m² and a characterful bread oven needing complete renovation (approx. 17m²). The full length attic also provides potential for further accommodation. (subject to obtaining the necessary authorisations)
